

THE CENTRAL RECORD

FOURTEENTH YEAR.

LANCASTER, KY., FRIDAY, APRIL 10, 1903.

NUMBER 2

THE GOODS THAT Tell the Story

We have on display one of the largest and most attractive Spring and Summer stocks of merchandise we have ever shown. Shakespeare says "Lend every man thine ears," and everyone wants your ears to tell you the merits of his goods. But, as you well know, nine times out of ten the goods do not bear out the story. The loan we ask is your eyes. They are the ultimate judges. To their verdict we confidently appeal. More money is lost in this country by misplaced investments and misplaced confidence than by any other cause. This kind of wreckage covers the mercantile ocean and strews the shores of the business sea. There is just one compass to go by, one anchor to trust to, that is invest your money where years of unbroken confidence has made merchandising the most equal exchange of value and money. Every dollar you spend here you are sure to receive in return a dollar's worth. Cheap prices but no cheap goods is the foundation upon which we have built our gigantic business.

Dress Goods

Our line of Dress Goods consists of Black and Colored Silks, Silk and Wool Voiles, Wool Etamines, London Twines, Mohairs

Cheviots, etc. Special values in an all wool Voile at 50cts a yard.

Special values in 36 in. Taffeta Silk at 98c \$1.25 and \$1.48.

Wash Goods

Walking Skirts

We are showing all the new ideas in ladies unlined walking skirts, prices ranging from 98cts to \$1.00.

Dress Trimmings and Laces

We have the most extensive line of dress trimmings, hampburg and swiss edgings cluny and valenciennes laces we have ever offered.

Hosiery and Underware

We are showing the handsomest line of plain and fancy Hosiery we have ever shown, and prices are within reach of all. You will appreciate our values in underwear when you see our assortment.

Corsets

We handle American Lady and the Jackson. Two of the best makes on the market.

SHOES & SLIPPERS

Our Queen Quality and Princess Perfection shoes and Oxfords are the best the markets afford. We have a nice line of Patent and Vici Kids in both shoes and slippers for ladies, Misses and children, and our prices are the lowest to be had. We also sell King Quality shoes for Men, which have been pronounced the best up to date line and most reasonable prices of any standard line offered to the trade. See them. We know you'll like them.

CLOTHING. CLOTHING

We have moved our Clothing up stairs. We are closing out this stock at cost. So you will do well to look through this line before you buy. We can save you money. We have quite a good assortment of Men's Boys' and Children's Suits and Pants and are selling them for cost, and, in many instances, for less than cost.

MILLINERY

You should not fail to visit our Millinery Department up stairs.
We Have By Far
The Nicest Line
we have ever had, and our prices are very reasonable.

Carpets and Mattings

We have by far the best assortment of Carpets, Mattings and Rugs we ever displayed. When you come to our store you should not fail to look through our Carpet Department up stairs.

Bargain Counter

We have moved our Bargain Counter down stairs, where we formerly carried our Clothing. We have enlarged this department very much. You will find many useful articles in this department ranging in price from one to twenty-five cents.

We are always glad to make new acquaintances, and meet old ones. Come in, look around and don't feel under obligations to buy a cent's worth unless you see exactly what you want at the price you want to pay.

"Just For Fun," April 10.

Many gardens have been broken up. You can't afford to miss it. "Just For Fun," Court house, tonight (Friday), April 10.

The circus drew a big crowd to Stanford Monday. We wish a good one would come this way.

Judging from the new garden tools we see carried across town, much work will be done in the truck patches.

The Junior Endeavor will have an Easter service Sunday evening at 7:15 o'clock. The public are invited to attend.

To Jurymen.

The money to pay the Jurymen has arrived, and you will receive your pay by calling at McRoberts' drug store.

County Treasurer.

The term of O. W. Shugars having expired, Mr. B. F. Hudson was elected county treasurer by the Fiscal Court Tuesday.

To Correspondents.

Our friends, the advertisers, take complete possession of this issue, so we were compelled to omit most all of the communications, which were exceptionally good this week.

As the C. E. had a business meeting and appointed Miss Lizzie Brown treasurer, she requests that all members be prepared to pay all back dues Sunday April 12.

See list of unrecorded deeds in this issue. Clerk Doty must dispose of them, so if you want your property secured, better see about having the deed recorded.

"Just For Fun" is all right. See it at Court-house to night, April 10. Prices. 25c 35c and 50c. Reserved seats at McRoberts' drug store.

One local painter tells us he has fourteen houses to paint this Spring. As all other hands are busy, prospects are good for much improvement.

The Ladies' Aid Society will meet in the prayer meeting room Saturday, at 2 o'clock. The C. W. B. M. service will immediately follow this meeting. All are invited to attend.

The blasting at the rock quarry on Danville street is a nuisance, but it must be done. Some immense charges are put in, enough to shake the plastering on the houses in China.

Brother Kills Brother.

In a dispute over business matters at their home near Paint Lick, John Metcalfe shot and kill his brother Ben. Both men were married and lived with their father. Metcalfe is in jail and refuses to discuss the affair.

Thank You, Bro. Walton.

Lexington Democrat—Editor Louis Landram's Lancaster Record was 14 years old the other day, and is even better grown in knowledge and understanding than in years. The Record is an ornament to journalism, and its editor to manhood.

Hemp.

It is almost impossible to get hemp hands. \$1.25 per hundred pounds is offered hands, but they are not forthcoming. The yield in Garrard is enormous, and it is feared much will go over, as hands cannot be found to break it. It is claimed a machine has just been invented to do this work, and if this is true, almost double the usual amount of hemp will be raised in Garrard.

No Prisoners.

When the two women were liberated, it left the Garrard county jail without a prisoner. This is pretty bad for clever "Uncle Dave," but speaks well for the county. The two white women, mentioned in last issue, were the only prisoners for several days. "Uncle" did not carry the keys for some time past, leaving them in the constant care of some one else about the house.

"Just For Fun."

The senior class of the Lancaster High School will present the above laughing farce, at Court House, Friday evening the 10th. Much work is being put on the preparation, and a splendid show will be given. Seats on sale at McRoberts' drug store. Prices 25c and 50c. 4-10-10

A Wise Move.

When the Richmond lodge of Elks re-elected Hon. Jerry Sullivan Exalted Ruler for the third term they proved their wisdom, truly. With plenty of good sense, polished manners, gentlemanly bearing and a full stock of ready wit, Jerry Sullivan is indeed a man in whose company it is a great pleasure to be. We deeply regretted our inability to attend the election and cast a vote for him.

To Correspondents.

Please write upon one side of the paper only. Always sign your name. Unless price is stated, don't report stock sales. Avoid neighborhood jokes and NEVER write anything that will wound the feelings of any one. If you have a knife sharpened for a man, go to him about it. The paper is a poor weapon with which to fight.

Dick Bradley, a carpenter and former resident of Lancaster, died at Springfield, and was buried in Harrodsburg. His wife survives.

The life-motion pictures, shown by the Ideal Entertainers, are the finest to be seen anywhere. These alone are worth the price of admission. Court House Wednesday, the 22nd. a-10-2t

To Tobacco Growers.

The Burley Tobacco Growers Association Co., offers fifty per cent more for tobacco than the trust does. Mr. W. B. Hawkins will address the growers on this subject at Court House next court day at 1:30. a-10-1d

The Christian Endeavor will give a peanut social in the Sunday School room, Christian church, next Monday night, at 7 o'clock. As matters pertaining to the organization will be discussed, only members are expected. Every one must bring a sack of peanuts.

A Nuisance.

The porters of the various hotels crowd around the car steps and yell for their houses, completely blocking the passway and making themselves a nuisance generally. This is prohibited every where else, and there's no reason why it should be permitted here. The other night, the brakeman had to threaten to comb some one's head with his lantern before the passengers could get out. A policeman should go to the 8:26 train any way.

Newspaper Change.

Mr. Owen McIntyre has sold his interest in the Danville Advocate to Mr. Craig Ralston, his partner. Mr. Ralston will continue to run the Advocate right up to date, while Mr. McIntyre has purchased the Danville Courier plant and will devote all his time to publishing the Kentucky Farmer. The Ky. Farmer has grown so rapidly that it became necessary to find a home of its own. If you want one of the best agricultural papers published, you should subscribe for it. We will make you a good clubbing offer.

Change in Church Service.

Bible study, 9:30, preaching 10:45 a. m., preaching 7:30 p. m. Monday, 7:30 official board; Tuesday 7:30 p. m., devotional, S. S. lesson, topic by pastor. Heartily welcome to visitors and strangers. By official action of its board the name of "Memorial Methodist Church" was recently decided as local designation of the Lancaster church. The title is entirely appropriate, in view of memorial offerings made in its erection and especially representing the beautiful stained glass window perpetuating worthy donors among the living and dead.

Few fine milk cows for sale.

4-10-10 Lancaster Dairy.

The teachers of the primary class will give a peanut hunt to the children of the Baptist Sunday School in the beautiful yard of Mr. Jno. K. West April 18, at 2 o'clock.

Pulling the Bell-Cord.

After a pleasant vacation at Hot Springs and other western points, Capt. Phil Price is back in charge of the day trains. The trip was a benefit to him, we are glad to note.

Special Meeting.

There will be a special meeting for men and boys over 12 at the Presbyterian church Sunday afternoon at 3 o'clock. Rev. Mr. Chumby will preside, and tells us the other ministers will take part. All men and boys should be there.

Kind Words for The Record.

Louisville Times—The Central Record of Lancaster, one of the brightest, breeziest and best of country papers of Kentucky, has entered upon the fourteenth year of its existence. The Record has one of the best equipped offices in the State. Its success is due to the able efforts of genial Louis Landram, its editor and proprietor.

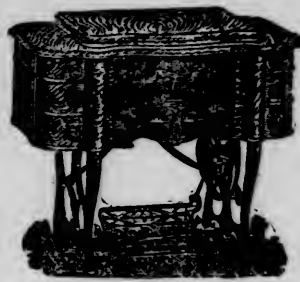

Another Sad Death.

The many friends of the family extend deepest sympathy on the death of Mrs. Bessie Baughman Taylor, which occurred in Paris Thursday at 3 p. m. Mrs. Taylor was a daughter of Mr. and Mrs. John T. Baughman, formerly of this city. She was twenty-one years of age the day of her death. She was an exceedingly pretty girl, attractive and bright. Another sister, Mrs. Lytleton Purnell, died in Paris only two months previous, and the blow is indeed a severe one to the relatives and friends. Funeral services were conducted at Paris and the remains interred there. Mr. Baughman and Mrs. Bessie Landram attended the services having been summoned a short time before her death.

A Bad Week.

Saturday night, as a freight train was passing through the second tunnel beyond Ford, the flange on a wheel broke, causing a heavily loaded car to leave the track, knocking out the supporters of the overhead timbers. Tons of slate came down on the train, mashing five cars to splinters. The head end had passed out, and the slate struck the train about three cars ahead of the caboose. It took a large force of hands until Sunday night to clear the tunnel. Passengers on No. 11 had to climb over the great hill and were brought on by a freight engine to Richmond, where Capt. Joe Arnold and faithful "Uncle Henry" Lammers brought the train on to Rowland, passing Lancaster about 11:15. The wreck will cost the company several thousand dollars.

CENTRAL RECORD.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky. April 10, 1903.

The Missouri Presbytery adopted resolutions condemning the playing of football, baseball, and several other little games. Now, if they will go up after the front-seat members of their flocks and weed out the long-faced hypocrites who play the bucket shops, "play" the people for usury, etc., they will put a check upon a "game" which causes ten thousand times as much trouble and rascality as do the college games.

Reports of strikes come from all over the country. The more money men receive, the more they want, never content at any time. Then, when machinery is invented to take their dissatisfied places, they kick all the harder and complain they can't get work. Man never knows when he has enough, or rather never cares to be content when making living wages.

A Missouri preacher has declared that hereafter he will tell the truth, the whole truth and nothing but the truth in delivering funeral sermons. He will not do any such thing, and knew he was lying when he said so. For a preacher to do such or for an editor to write the truth about every subject of an obituary would mean certain death.

Chester I. Long, the new Senator from Kansas, is an enthusiastic fisherman, and belongs to a trout fishing club in Colorado. The fact that he is a fisherman is proof positive that he will make a good man in Congress. It is a good idea to have at least one member who prefers seeing corks go under instead of pulling corks out.

A dispatch says the Earl of Yarmouth will receive \$100,000 a year for marrying Miss Thaw, of Washington. A regular bargain and sell, eh? That's enough money to buy lots of fine clothes, but we would not give one day's happiness we have in our poverty for all the pomp, parade and money in the Yarmouth-Thaw life time.

Admiral Dewey says the United States has the greatest Navy in the world for the reason that every man is a man of intelligence. Yes, and Admiral Dewey is the greatest Admiral in the world, for the reason that he has more good old-fashioned "hoss" sense than all the "foreigners" combined.

A Missouri newspaper man was expelled from the press association for refusing to tell where he got a \$1,000 bill. Even the small sum of \$10 in a newspaper man's possession looks suspicious, and the Missouri man certainly should have been called to account.

Guns of the battleship Indiana broke the world's record by making

twelve hits out of twelve shots with a thirteen-inch gun at a range of five miles. This will open the eyes of "furreigners" so wide that they will see nothing wrong in anything Uncle Sam does.

Senator McCreary has appointed Mr. Clarence E. Woods as his assistant secretary. The appointment is hailed with delight by the many newspaper friends of Mr. Woods. He is one of the best writers in the state, and has done faithful service for the democratic party.

The Lexington papers tell of the college students celebrating "tap" day. As this occurred the same day back beer was put on tap the students doubtless killed two birds with one stone.

The papers say Mrs. Patti is very fond of chicken. It's a foregone conclusion that she is a Methodist.

MON. W. B. HAWKINS.

Vice-President of the Burley Tobacco Growers Association of Kentucky

Endorses T. T. Hedger, of Scott County, For Commissioner of Agriculture.

Commissioner of Agriculture.—The name implies a man to further the interest of the farmer and agriculturist, and one who knows his needs and will devote his time and his energies to help to that end. He should be a man who is a practical farmer, and one of the sons of toil whom the farmer delights to honor—"One of us." It gives me pleasure to say that in my opinion we have such a man in the aspirant for the place, Capt. T. T. Hedger, of Scott county, a man whose heart and soul is in sympathy with every movement to better his fellow farmers. A tobacco grower, he is one of the first men to enlist himself in the cause of the tobacco growers of his state, a man conversant with the needs of the agriculturist and one in whom the farmers can place implicit confidence and feel assured that if elected their welfare will not suffer.

Prof. Elliott Resigns.

It is with much regret the entire community will learn that Prof. Milton Elliott resigned in January the presidency of West Kentucky College, and accepted the presidency of Kentucky Classical and Business College, of North Middletown, to take effect in July, 1903. For reason best known to all concerned no public announcement has been made of this fact until now. Prof. Elliott has had charge of West Kentucky college for eight years, and has had the largest school in the history of this institution. It has prospered under his efficient management, and has attained more popularity and reputation than under any previous administration. Prof. Elliott is an excellent educator, has unusual executive ability, and is a Christian gentleman of the highest type. He has been tireless in his efforts to promote every interest of the college, and his influence for that which is ennobling and elevating has left its impress on all with whom he has been in contact; thus Mayfield sustains no small loss in his departure. His charming, talented family, so popular with all, will be sincerely missed, and will prove attractive additions to North Middletown, being admirably equipped to adorn any social position.—Nayfield Monitor.

A Call.

The Democratic Committee of Garrard county is requested to meet at the Police court room, in Lancaster, Ky., at one o'clock p. m., on Saturday April 18, to appoint officers for precincts in said county, for conducting the State primary election, and for the transaction of such other business as may come before the committee. Each committeeman is requested to bring a list of all competent democrats who agree to serve as officers without compensation. E. L. Woods, Chm. M. D. Hughes, Sec'y. 2t

First-Class Workman.

Mr. W. J. Homer, the best piano tuner in this section, was here Thursday and tuned several instruments. He is a first-class workman, and will give perfect satisfaction, provided he has a first-class instrument to work on. If you need anything in this line leave orders at The Record office, and as soon as enough work is secured to justify his coming, he will come to Lancaster and remain until through. We cheerfully recommend him as a first-class workman and a gentleman.

Must Pay Storage.

Winchester Democrat.—The railroad has adopted a rule that freight cars must be unloaded within two days or a charge will be made for overtime. Since the great demand for cars, Mr. Lockman, the agent, has been obliged to enforce this rule with greater strictness. A case growing out of these demurrage charges was tried before Judge Evans and a jury this week. E. H. Doyle was plaintiff and the L. & N. road the defendant. The amount in dispute was small but the principle involved caused the case to be fought vigorously. The jury decided in favor of the railroad.

We would like to go into detail, but this would take more space than we can spare. If you haven't seen the hats, come in before the prettiest ones are all gone.

Randolph Harris, wife and baby of Lincoln, were here Monday.

Geo. B. Harris has returned to his work in the depot at Stanford.

Mr. J. B. Carter and wife have returned from a visit to Mrs. J. B. Conn. During that time Mr. Carter spent a few days in Louisville buying up spring and Summer Merchandise.

Miss Frankie Doty, who was called to Wilmore by the illness of her sister, Miss Bessie, has returned home, Miss Bessie having recovered sufficiently to accompany her.

Additional Local.

Building Stable.

W. A. Arnold has commenced work on a new livery stable on his lot adjoining the Garrard hotel property. It will be a brick and one story high.

Still Crippled.

As we hear many inquiries about our old friend, "Injun" Rothwell, The Records regrets to say that he is still forced to use crutches, and suffers much pain from injuries received at the Franklin Institute fire. He thinks he will begin to mend when the weather opens up, and many warm friends trust he will.

Another Good Man Gone.

It was with the deepest regret that we read an account of the death of Mr. Sidney Rowland, which occurred at his home in Danville last week. Mr. Rowland was a widely known man, and beloved by a host of friends. It was our pleasure to spend several short vacations at Crab Orchard Springs while Mr. Rowland was enjoying a rest there, and, soon finding him to be a man of exceedingly fine intellect, a warm heart, and thoroughly posted on matters in general, we took advantage of every opportunity to be in his company and hear him talk. We soon formed a very deep admiration for him which grew, we may be frank to say, into a love for the aged and cultured gentleman. How different from the average cold-natured, hard-hearted, greedy man of to-day, who can never find time to exchange a few pleasant remarks, and talk of pleasant things instead of keeping his mind constantly on how to gain a few paltry dollars. When in Danville we always called upon him, and the cordial reception, the warm hand-shake and interested manner in which he inquired into our welfare always sent us away feeling better by having seen him. We refer to these personal matters to show how much good a man can do, if he has the pure heart and noble instincts that our beloved old friend possessed. A man of his character certainly receives an inheritance in the world to which he has just been called. Peace to his ashes.

Court House Unroofed.

A severe wind storm raged Friday, doing much damage to timber and fencing all over the county. In the afternoon it became very severe and tore off all the roof of the court house on the side toward Sweeney's livery stable. The tin was torn in rather small pieces and twisted into every imaginable shape. The noise attracted a big crowd and it looked for a time as if the immense cupola would be swept away. Many fear that the latter will be blown down, but mechanics, who ought to know, say it is absolutely safe.

We understand a change in schedule will take effect on the Knoxville division next Sunday, whereby the north-bound day passenger train, 24, will run about 1 1/2 hours later. It will cut no time on this road.

The Transylvania Presbytery will meet in this city next week, the program appearing in this issue. Many preachers will be here, so wise chickens are roosting high.

The hoodlums think its tramping upon their "constitutional rights" for the better element of Lancaster's citizens to break the Chute. Bird's of a feather not only flock together, but sympathize with one another, deeply.

You will see a good show and also help a good cause by going to the Court House Wednesday, the 22nd. The Ideal Entertainers are all right. Benefit Ladies' Helping Hand Society Baptist church. a-10-2t

Fine Prospects.

Stanford Journal:—At a meeting of the Beaver Creek Oil and Gas Co., at Col. W. G. Welch's office here Wednesday it was decided to drill five more wells on the company's territory in Wayne. This company already has three producing wells with fine prospects for another, which is being drilled. Some \$3,500 of the stock was placed at the meeting here, which leaves less than \$1,000 to be sold. Those present at the meeting were: Dr. J. C. Barker, Judge W. M. Myers, G. D. Weatherford, Hustonville, Sam M. Owens, McKinney, Judge J. C. Hemphill, Lancaster, and Col. W. G. Welch, of this place.

I have by far the prettiest line of Spring and Summer Millinery ever brought to Paint Lick, and I cordially invite the ladies to call and look at the many handsome designs now being shown. Great care was given to the selection of our stock, and we have the very latest styles at prices remarkably low. Mrs. Minnie Jennings Paint Lick, Ky. m-27-tf

Minister Called.

At the Christian church Sunday morning, the Rev. F. M. Tindler, of Carlisle, was called as pastor. Mr. Tindler preached here recently, and his hearers were so delighted with him that they not only at once resolved to engage him, but added another hundred dollars to the salary, making it \$1,300. It will be several weeks before he will take charge of the church.

Turned Ten Loose.

One night last week, while several members of the Law and Order League were making their usual rounds on the Chute, they ran across two white women, who could give no satisfactory account of themselves, so the pair were taken to jail and locked up. At the trial, they were released but given to understand they were not wanted in Lancaster, so departed for other climes. It was amusing to see the crowd at the trial, and if we were to publish the names of the gentlemen who listened intently to every word, we would be mobbed before night. This is a great world.

Better Than in Other Counties.

When it is remembered how many freezes, thaws, snows, etc., the county roads had to undergo, they are in unusually good shape. They are far from perfect, as a matter of course, but the way the Fiscal court has looked after them is commendable, indeed. Our exchanges from other counties show their roads to be almost impassable in many places, while we have heard no complaint in Garrard. The winter has been an unusually severe one, as we all know, and the fact that the pikes are in good shape speaks well for the court. Judge Ford is not only looking after this work well, but is making a splendid judge in every other respect.
